

KAMEHAMEHA TOO MUCH FOR MILLS

First Game of Interscholastic Series Is One-Sided Affair

Yesterday afternoon between show-ers, the first game of the interscholastic baseball series was played between Kamehameha and Mills, on the lower field, Punahou. After eight and one-half innings of one-sided playing, the game ended with Kamehameha far in the lead with 22 runs against Mills' 5. The game was Kamehameha's from start to finish, and although there was some good playing by the Mills boys, it was too scattered and far between to count. The rain, which came in intermittent showers, did much to spoil the game, and it was probably due to it in a large measure that the contest was such a walk-away for Kamehameha. The "liquid sunshine," however, failed to keep away the spectators, and a large number of supporters of both teams lined the field and kept up a steady fire of encouragement at the players.

For the first game of the season, the one yesterday was quite a disappointment to the student fans. Kamehameha was known to be strong, but it was also said that Mills had a team that would be a match for any other team in the league. Yesterday's game is going to alter the good opinion that many had concerning the Mills nine. However, the defeat was not entirely due to poor playing and better results may be expected from Mills in the next game.

Kam Strong.
The Kamehameha boys played a splendid game, and no fault can be found with the team. Bush was first pitcher for Kam, and with his splendid control and variety of "stuff" on the ball, the Mills swatters rarely connected at all. In the fifth inning Bush changed places with Opunui, who kept up the good work Bush had begun. Opunui has extraordinary speed and also good control, and his delivery fooled the best Mills batters. Correa, second baseman for part of the game, was undoubtedly the star player on the Kam team. His playing would have been called grandstand if it had not been so natural and unstudied. The score was as follows:

R. H. E.
Kamehameha.....22 19 3
Mills.....5 9 6
Halse umpired the game and several times decisions of his were contested by one side or the other.

The teams lined up as follows:
Kamehameha: Bush and Opunui, pitchers; Halse, catcher; Kono, first base; Opunui and Correa, second base; Makanaui, third base; Kailali, short stop; Walele, right field; Monoha, center field; Correa and Bush, left field.

Mills: Kono and Lee, pitchers; Niyamoto, catcher; Yoshida, first base; Lee and Kono, second base; Takeuchi, third base; Nakamura, short stop; Leo San, right field; Walele, center field; Yamashiro, left field.
Good Game Coming.

Though the first game of the series was a disappointment, the next ones will probably make up for it. On Saturday afternoon a double header will be played, and both games give promise of being stiff fights from beginning to end. Punahou goes up against St. Louis, and McKinley will try her luck with Kamehameha. All four of the teams are supposed to be better than the average, and Kamehameha has already shown its class. The High school, however, might make Kamehameha tell another story, and whether it does or not, the game should be a good one. Punahou is especially strong in baseball this year, and is picked by some as being in the line to win the handsome cup offered by E. O. Hall & Son for the winner of the interscholastic series. St. Louis also has a good team, if anything can be judged from the results of the inter-class games. Thus, with four good teams, the games on Saturday should lack nothing for interest and excitement. It is probable that both games will be played at Punahou, though nothing certain has been stated regarding the game between Kam and the High school. The students of the four schools are counting on turning out in force to support their teams. A lively afternoon is expected.

MAY DODGE LIPTON

NEW YORK, April 21.—There is another hitch over the American's cup challenge. After every one had thought that at last Sir Thomas Lipton had sent a challenge which it would be impossible for the New York Yacht Club to refuse, it appears there is a loophole through which the club will try to slip out.

Although the text of the new Lipton communication has not been made public, it is understood that he has sent an unqualified challenge for the cup "under New York Yacht Club rules."

"The fact of the matter is," said one yachtsman, "the New York Yacht Club realizes that it subjects itself to criticism by trying to avoid a regular race, but it has always stood in opposition to the introduction of commercialism into yachting. That is the reason it doesn't want to race Sir Thomas."

Washington innkeepers celebrated with due solemnity the sixty-seventh anniversary of the birth of the American-cocktail.

MEMBERS OF THE GIANTS WITH THEIR WAR CLUBS ARRANGED IN THEIR REGULAR BATTING ORDER

COPYRIGHT 1913 BY AMERICAN PRESS ASSOCIATION

NEW YORK.—Although the Giants were walloped good and plenty by the Boston tall enders in the opening game of the season and otherwise showed up very poorly in all departments, New York is now leading the league and Manager Johnny McGraw says his team is without question the strongest in the National. In talking about the team recently McGraw said: "The Giants are the best base-running team in either league. As for batting, there is not a man on the team who hits less than .260, and there are several who are in the .300 class. And, another thing, opposing twirlers fear the Giant batsmen perhaps more than any others in the country, especially with men on the bags. The team is well equipped in all departments. The pitching staff is a good one. I don't see any other club that has a better chance to win the flag. All I want is an even break in luck, and then the Giants will again compete in a world's series." Picture shows line-up of the Giants in regular batting order. The men, left to right, are as follows: Snodgrass, center field; Shafer, shortstop; Burns, left field; Doyle, second base; Murray, right field; Merkle, first base; Herzog, third base; Meyers, catcher.

KANSANS EASY FOR CHINESE

MCCARTY PLAYS SAFE

The All-Chinese, who have found the college teams easy picking on their mainland trip to date, had an especially easy time with the University of Kansas. The first game went to the "University of Honolulu" 16 to 0, but in the second contest the Kansans braced and made it an 8 to 5 affair.

Here is an account of the first game from the Lawrence, Kansas, paper:

"Which in the Chinese tongue expresses a feeling and a meaning similar to the American 'easy money,' 'grapes,' or 'soft picking.'"

Which also very appropriately describes the affair of yesterday afternoon on McCook Field. "Affair" is used for lack of a more suitable name for the event. Scheduled as a ball game it soon evolved itself into a slaughter and concluded with a comedy act or two by Sam Hop and Company, dark-skinned comedians and entertainers. The final result was approximately 16 to 0.

The Jayhawkers surrendered their little goal in the very first inning and the game was in the Chinese refrigerator before the affair was even well opened. Several times they came near the scoring place but on each occasion some fleet footed and fleet winged Chinaman plucked the ball from the dust or drew it out of the ozone and spilled the beans. While the rules of the game allow but nine men on a side there seemed to be a Chinaman directly in line with every ball the K. U. sticklers leaned into. K. U. was hitting into their hands while the visitors selected the open places and deposited the balls where they wanted.

Comment from Topeka where the Orientals performed on the day before stated that they were fast on their feet and sure in the field, but not very strong with the stick. Apparently they had regained their batting eye by yesterday, judging by the way they fell upon the line of box offerings of the Jayhawkers. "Lefty" Schenck started the affair but was massacred in just one-third of an inning. By the time "Lefty" and his aids had disposed of a single stickler three others had completed the circuit and gone to the bench. Coach Frank brought in the derrick and Bill Buzick came in from the outer garden. There was a moment of suspension and then the slaughter was renewed. By the close of the first inning five Chinamen had taken a turn around the four-cornered course and the contest was safely stowed away in the archives of the University of Honolulu.

Buzick was not in the best shape, but he stayed with it about six innings when he retired in favor of Hobbs, who finished the game. By this time the visitors were exhausted and contented themselves with only a pair more during the remainder of the contest. It was a bad day for K. U. slabsters and K. U. fans are decidedly of the opinion that the Chi-

squad which is touring the south at present is carrying five outfielders, and from that number it would appear that the outfield was considered Harvard's most serious problem at present. Referring to the number of Honolulu boys now in College in the east, an article in another Boston paper is as follows: "It is noticed that another Hawaiian has been honored by undergraduates at Harvard, in the election as vice-president of the Harvard union of H. Rexford Hitchcock. The Withington

these are well versed in the use of the willow. Once, in the fifth inning it was, two Jayhawkers drew a base on balls and were resting on first and second.

Hicks took a healthy poke at the pellett and started it on the two-base route, but not so, a Chinaman was perched in the proper location in the right garden and took it straight off the bat. The ambitious Jayhawker, who would have advanced from second to third, was the second victim of the double which this blow started.

Again this time in the ninth inning, K. U. came very near scoring. With two men on and two down, "Buster" Coolidge forfeited an excellent chance to enter the hero class by dropping a high one in the glove of the care taker of the center garden. It was a hefty snack and a very good try, but failed to aid materially.

Only two Jayhawkers were successful in locating a section of the field which was not occupied by a dark-skinned athlete. DeLongy found a little spot between first and second and just over the baseline where he planted one and Dick Ward lifted one over the inner works for a single base. Only two hits during the entire performance.

The score:
R. H. E.
Hawaiian U.....339 402 200—16 17 2
Kansas U.....000 000 000—0 2 3
Batteries: Hawaii—Apau, Akana and Mark; Kansas—Schenck, Buzick, Hobb and Sommers. Umpire—Plank.

REX HITCHCOCK AGAIN HONORED

Among the names of eighteen members of the Harvard baseball squad which is now making a tour of the southern states, is that of Rex Hitchcock, the Honolulu boy who has achieved many honors at the big eastern university. Hitchcock is one of the five pitchers who are included in the squad, and an article in a recent Boston newspaper is to the effect that he will be greatly depended upon in the box by Harvard during the intercollegiate games this year. The

family, including football players, various coaches and writers, are here from Hawaii, as is also Assistant Dean William R. Castle, who takes care of the freshmen. For its geographical area and remoteness, Hawaii seems to hold the record for the number of conspicuous men it has sent to the Cambridge university.

Prof. Willis Moore of the weather bureau, deposed by President Wilson, demands a public hearing. He charges agents of the department of justice with third-degree methods.

AUSTRALIA'S CRACK RACING DRIVER IS HERE

Rupert Jeffkins, auto speeder, who has been connected with racing cars for the past twelve years, is in Honolulu and will open at Ye Liberty theatre next Monday night. Born at Sydney, N. S. W., in 1880, Jeffkins is the only Australian racing pilot recognized by the A. A. U. He made his initial appearance in this country in 1905 at Ormond Beach. A series of racing pictures showing Jeffkins in sensational trials of speed and endurance will be shown during the brief engagement. Jeffkins comes to Honolulu fresh from successful conquests at Los Angeles Motordrome and also in Indiana polls.

SCRUBS ANNEX FIRST THREE

STUDENTS' BOWLING LEAGUE.

RAPID TRANSIT BILL NOW IN FREAR'S HANDS

The Rapid Transit franchise measure, known in the legislature as H. B. 70, is now in the governor's hands, awaiting his approval to become law. As it is virtually the bill drafted by him and for which, in the main he has contended throughout the long discussion of the session, it undoubtedly will receive his signature shortly. The house concurred yesterday afternoon in the amendments made by the senate. When the bill was before the house Representative Lyman succeeded in inserting two amendments; one of a minor nature and the other giving the public utilities commission power to regulate the company's rates within six months from the time the franchise goes into effect. The senate struck out the latter amendment, leaving the measure as it was originally, restraining the utilities commission from interference with the Rapid Transit Company's rates until June, 1914.

A British aviator accompanied by an American, made a monoplane non-stop flight from Dover to Cologne. The distance is more than 250 miles and his time was four hours and five minutes.

William W. Roper, former Princeton football coach, has virtually been selected for appraiser of customs at Philadelphia.

BOWLING SERIES ENDED LAST EVENING

Healanis.....	54 22 32	.407	758
Rapid Transits.....	54 9 45	.167	727

The Y. M. C. A. bowling league finished its schedule last night, when the Cosmos and Rapid Transit teams came together in the final alley battle. The former team took two out of three, winning its games with plenty to spare.

The season has been a record breaker for interest and enthusiasm. It was not until the schedule was two-thirds completed that the winner could be picked with any certainty, and with three teams championship possibilities, rivalry kept the sport up to the mark.

The students' league, recently organized, will take the place of the "Y" league for regular bowling.
